HIGH SCHOOL
Starehe Boys Center | Nairobi
2019

SUMMARY

Self-driven Mobile Developer with 4+ years shipping mobile apps across fintech, real estate, and productivity. Passionate about scalable architecture, rich UI/UX, and transforming teams. Creator of **CribLynk** and **Flow Music Player** (**70K+ downloads**). Strong in API integrations, state management, real-time sync, and backend logic. Eager to bring innovation and performance to mission-driven teams.

WORK EXPERIENCE

APR 2024 – SEP 2025

FLUTTER DEVELOPER
DENTSU KENYA | NAIROBI

- Led the complete rebuild of **MyBritam**, a mission-critical insurance & fintech app for Android, iOS, and Web.
- Delivered scalable state management, error handling, deep linking, analytics, and premium UI/UX across platforms.
- Collaborated with design and backend teams to align features with business and user needs.

Tech: *Flutter, Firebase, REST APIs, WebSockets, ClickUp, CI/CD, Secure Auth*

MAY 2023 – MAR 2024

FLUTTER DEVELOPER
PODII CONSULTANTS | KISUMU

- Built internal business tools including **Elvs Mobile**, improving team workflow and operational efficiency.
- Implemented offline sync, state restoration, authentication, and clean modular code under Agile cycles.

Tech: *Flutter, REST APIs, SQLite, Firebase, State Restoration, Clean Architecture*
